

PARENT CONFERENCES

The Parent Conferences feature lets you book your own appointment times on schedules your School creates, such as Parent-Teacher Interviews. To access this feature, select the **Parent Conferences** link from the left side of your Parent Dashboard.

Any active Conferences that your Student is eligible for will be listed. If you have booked an appointment, you'll see a green checkmark. If you haven't, you'll have a yellow exclamation mark.

To view a Conference, click the date/time range. If you have more than one Student, you should see all available Student/Class combinations. You may have to check more than one Conference depending on the availability of a specific Teacher.
