

Harris Burdick Music Soundtrack

Creating and Performing Task:

Select one of the Harris Burdick pictures. Each one has a title and caption.

Create an original musical composition that would be the soundtrack to appropriately support the mood and message of the picture that you have chosen. You will use Garage Band and iRigs.

Your soundtrack must contain at least three tracks using different instruments and should be at least 1 minute long. It should change within that time frame (not just be a repetition of the same track.) Most of the time should be spent on this aspect of the project.

In the last 10 minutes of your work time put a photo of your picture into iMovie. Add in your soundtrack. Add a title and credits.

	Level 4	Level 3	Level 2	Level 1
Music composition (rhythm, beat, pitch, dynamics, length)	Creatively and appropriately supports the mood and meaning of the text. 76+ secs in length	Appropriately supports the mood and meaning of the text. 60-75 secs in length	Some relationship to mood and meaning of the text. 45-60 secs in length	No relationship to mood and meaning of text. No creativity. Less than 45 secs in length
Instrument choice	Varied and appropriate to mood and meaning of text 4 or more tracks used	Appropriate to mood and meaning of the text. 3 tracks used	Related in limited way to mood and meaning of text. 2 tracks used	Does not support mood and meaning of the text. 1 track used
iMovie	Extremely creative compilation of text, voice and musical composition	Creative compilation of picture, musical composition, title and credits.	Music and picture only	Project incomplete
