

## MUSIC VIDEO ASSIGNMENT

With your group, create a music video that will support your audio recording.

You must plan your video before beginning to create it.

Your plan should include the lyrics, what we are seeing as these lyrics are being sung and time notation. This will help to keep your video and audio synchronized.

Your plan should also state which effects and styles you are using.

	Level 4	Level 3	Level 2	Level 1
Plan	Provides a detailed plan for entire music video including lyrics, sketches or description of video, time notation as well as all effects and styles to be used.	Provides a plan for entire music video including lyrics, sketches or description of video, time notation as well as all effects and styles to be used.
