

## **Hello Everyone,**

The leaves are beginning to change colour, the air is crisp and cool and our students are in full swing. I hope everyone had a relaxing Thanksgiving filled with family and friends.

### **Weekly recap:**

Picture day ran very smoothly and the students looked wonderful. The photographers expressed their gratitude to me about how well mannered our students were all day. It is always so nice to receive positive feedback from people outside of the community. There will be a picture retake day. This date will be shared with you once we have confirmed a date.

Our first council meeting was very successful as our parents work through possible fundraisers and ways they can assist to improve and provide for items for all our students. Good discussion were had, and more information will be shared with our school community soon. Thank you to all our parents who make St. Teresa a great place to learn.

Our intermediate boys soccer team had a successful tournament this week. They placed 4th overall. The team demonstrated respect, persistence, enthusiasm and great soccer skill. Way to go Tigers!!!! Thank you to our coaches Mr. Hughes and Mrs. Dias and to the parent volunteer drivers for picking up our students and bringing them home safely.

A big 'Thank you' to Officer Elisabeth and Officer Sara for coming in to speak to our JK and SK students about the importance of a lockdown. Our first lockdown drill was a success and our students followed the procedure very well.

All three Kindergarten classes had a wonderful time at Albion Orchard. Each student learned the correct way of picking an apple "eye to the sky and turn", and came home with delicious apples. Thank you to ALL our parent volunteers who took time out of their busy schedules to help out and supervise our students. We appreciate your time.

Our first pizza hot lunch was a success. Hot lunch days take tremendous time to plan and organize and Mrs. Ng has spent many hours to ensure that these days run smoothly. A big 'Thank you' to Mrs. Ng, for everything she does for our students. Without her hard work, organization and tenacity, we would not have the variety of hot lunch items available for our students.
